Commission for Air Quality Management in NCR and Adjoining Areas

17th Floor, Jawahar Vyapar Bhawan (STC Building), Tolstoy Marg, New Delhi-110001

Date: 20.11.2026

Sub.: Preparation of the Annual Action Plan-2027 for abatement of air pollution in the NCR - reg.

Sector-Specific Annual Action Plans (SAPs) for 2026 at the State and Municipal Corporation (MC) levels in the NCR were prepared by the respective States and MCs. The implementation of these SAPs has been regularly reviewed by the Commission to monitor progress, identify gaps and challenges, facilitate inter-agency coordination, and ensure timely execution of the prescribed actions for effective air quality management across the NCR.

2. Dealing with air pollution requires sustained and concerted efforts based on airshed approach. For the year 2027, Annual Action Plans shall also be prepared at the District level, in addition to the State and Municipal Corporation (MC) levels. The formats for Annual Action Plans for all the levels will be made available on the portal of the commission (pavan.caqm.nic.in).

3. The Annual Action Plan-2027 shall contain clearly defined sector-wise actions with measurable targets, timelines and monitoring parameters. The proposed actions shall be designed to achieve tangible improvements in air quality and contribute towards an overall reduction of annual average air pollution levels (AQI, PM2.5 and PM10) by 15-20% as compared to 2026, through focused interventions across major pollution sources namely vehicular pollution, road dust, industrial emissions, construction and demolition (C&D) activities, municipal solid waste (MSW) management, crop residue management, diesel generator (DG) sets, crematoria and other local pollution sources

4. The Annual Action Plan-2027 shall be submitted and monitored through the online portal of the Commission, as was done for the Annual Action Plan-2026. Additional action points to be incorporated in the Annual Action Plan-2027, over and above those included in the Annual Action Plan-2026, shall be communicated separately to the concerned States, Districts and Municipal Corporations (MCs) in due course. The Actions pertaining to Development Authority of the urban areas will be part the Action Plan of MCs.

5. The Annual Action Plan-2027 shall clearly identify the department/agency responsible for each action point and designate a specific officer responsible for its implementation and monitoring. The name, designation and contact details of the concerned nodal officer shall be provided against each action to ensure clear accountability.

6. The State Government shall direct all the MCs, DCs/ DMs and other concerned agencies to initiate the necessary preparatory measures well in advance to ensure that the respective Annual Action Plans for year 2027 are finalized and submitted to the Commission **latest by 05.12.2026**.

6. This issues with the approval of the Competent Authority.

20/11/2026
