|               | Meerut              | Meerut        | 48          | Good         | PM10,OZONE          |
|               | Muzaffarnagar       | Muzaffarnagar | 55          | Satisfactory | PM10                |

### Possible Health Impacts

|              |   |
|--------------|---|
| Good         | Minimal Impact  |
| Satisfactory | Minor breathing discomfort to sensitive people                            |
| Moderate     | Breathing discomfort to the people with lungs, asthma and heart diseases  |
| Poor         | Breathing discomfort to most people on prolonged exposure                 |
| Very Poor    | Respiratory illness on prolonged exposure                                 |
| Severe       | Affects healthy people and seriously impacts those with existing diseases |

### Notes

In case of a city with multiple monitoring locations, average value is used to indicate AQI.
